DEATH OF CAPT. LUCKEY.

Capt. J. B. Luckey died at St. Vincent's hospital in Toledo, on Monday afternoon, Nov. 13, 1905, at the age of 62 years, from a fourth stroke of paralysis.

Captain Luckey was prominent in the Republican party and had been State Oil Inspector under Governor Bushnell.

He was a veteran of the civil war having served three years in the 3d Ohio cavalry.

Capt. Luckey had a large circle of acquaintances who will regret to learn of his death.

A CREEPING DEATH.

Blood poison creeps up towards the heart, causing death. J. B. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at Bowers & Comstock's drug store.

Sheriff Reece is busy trying to unravel the mystery surrounding the shooting of Mrs. Rose Cole, colored, last Saturday night, at her home. William Lindell, who is in the county jail, charged with shooting Mrs. Cole, has been giving the officials some information which implicates a number of Bowling Green men in the affair. Lindell, who was given a big revolver through a window at the jail, says that some of those at the Cole house at the time of the shooting were very desirous that he get out of the country and that they arranged to have the gun passed in to him that he might be able to attack the sheriff and escape.

The Exact Thing Required for Consumption.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," say R. S. Webster & Co., Udon, Ontario, Canada. For sale by Bowers & Comstock druggists.

Wood Camp, No. 16, Woodmen of the World, have organized a uniform rank of twenty loyal choppers and have ordered official W. O. W. uniforms. Under the direction of Captain Gustavus Goebel, the rank expects to become one of the prize winners in the state. Aluminum axes will be used in the place of guns. The men are already drilling twice a week, preparing to enter the brigade contest next summer.

The W. O. W. will initiate twenty new members Monday night, Dec. 4, and an enjoyable meeting is anticipated.

Ball of the Toledo schools responded. The first paper was "The Feminization of Our Schools" in which the speaker's words seemed to indicate his lack of confidence in the ability of the gentle sex to fill the position of teacher and impart to her pupils the richest and best thoughts necessary for a right education. The discussion that followed brought many defenders to the standard of the lady teachers, and it is evident that it will be some time before the ladies will all lose their jobs as teachers on account of the superior ability of the men as teachers of the young.

E. C. Schubel of Rudolph read a paper upon the subject of "Dangerous Communicable Diseases."

"The Relation of Literature to History" was the subject presented by Frank Smith of the West Toledo schools.

"Fall House Cleaning" was the subject of an interesting talk by J. A. Dickason of the Wooster University at the opening of the afternoon session. Prof. Martin of the North Baltimore schools discussed the subject of "Some Essentials."

Miss Greening of the Toledo schools gave an illustrated lesson on "Primary Plans" in which she introduced 10 little children of her school. This proved one of the most interesting features of the session.

Among the musical numbers interspersed in the programme were a piano duet by Misses Edna Neifer and Ruby Cranker; a mandolin and piano duet by Misses Aileen Trudeau and Miss Edna Neifer; a vocal solo by Miss Philster, and a violin solo by S. T. Phillips, all of which were well rendered and received with applause, and were pleasing additions to the programme.

Every Two Minutes

(Continued from First Page.)

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits.

To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.
